| Brush Size 400mm | | Pad Size 360mm | |
| Dimensions (WxLxH) 520x850x1132mm | | Net Weight 34.0kg | |

Enhanced Sustainability

ReFlo Technology uses the highest quality, recycled plastics, ensuring our products are both sustainably engineered and built to last. The 1840NX-R is made using a minimum 45% recycled plastic content.*2

Compact, Cordless and Convenient

With the cleaning performance of a much bigger machine, the 1840NX-R is ideal for cleaning tighter spaces and larger public areas. The clever tank design is compact whilst offering best-in-class 18 litre capacity for non-stop cleaning.

Clean, Dry, Safe and Streak-Free Floors in Minutes

Centrifugal water delivery system ensures even distribution across the brush or pad for optimum cleaning results. Triple-layer, Serilor® rear blade design incorporates two softer outer layers for maximum cleaning contact with the floor and an inner harder shore core, leaving a dry streak-free floor.

Fast Charge

Charged and ready to go in just 1-hour. The NX300 battery packs recharge to 80% in just 1-hour and with quick charge, it's ideal for non-stop cleaning.

One Fits All Productivity

New NX300 36V Battery Technology delivers 300Wh energy storage capacity with up to 70mins runtime, delivering consistent, powerful cleaning.

One Fits All Productivity

The NX300 Cleaning Network brings the convenience and performance of professional cordless cleaning across our growing battery range.

Extended Long-Life Power

Made for the long haul, the NX300 Battery won't let you down, engineered and tested for commercial use delivering up to 2500 charge cycles. A 3-year battery warranty provides complete peace of mind for you and your Pro Cordless Network.

*1 Nu-Track optional model variant.

*2 45% represents the minimum use of recycled plastic content, including all accessories, excluding NX300 charger.

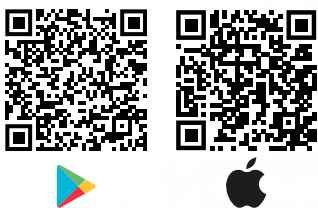

Numatic Nu-Assist

**INCREASE
CLEANING
PRODUCTIVITY**

The Nu-Assist App offers the benefit of online training through a simple, versatile and user-friendly solution, resulting in increased cleaning performance and productivity.

- » 24/7 Access to Multilingual Training
- » On-hand Troubleshooting and Maintenance
- » Increased Cleaning Productivity
- » Product Training
